Bangalore, India | +91 63616 86265 | snigdhrn06@gmail.com | linkedin.com/in/snigdh-r-n-850421383

PROFILE

B.Com (Applied Finance & Analytics) student at Christ University with hands-on experience in capital markets research, F&O backtesting and financial modeling. Author of original research on Foreign Portfolio Investment (FPI) flows and their impact on Indian markets, submitted to IIMC-FRC. Finalist in 9+ national case competitions hosted by leading IIMs and IITs, and first-place winner at 15+ business and finance fests across Bangalore.

EDUCATION

Christ University, Bangalore 2026 – Present
B.Com, Applied Finance & Analytics
- Active participant in the university's finance, entrepreneurship and technology clubs.

Christ Junior College, Bangalore 2024 – 2026
Class XII, State Board — 95%

EXPERIENCE

Wall Street Society, Christ University 2026 – Present
Junior Analyst, Technicals & Derivatives
- Serve in the Department of Commerce's only finance and investment cell, researching markets and backtesting trading strategies.
- Help host and run flagship events, including SPECUL8 and Opening Bell.

Christ University Commerce Association (CUCA) 2026 – Present
Associate, Finance Vertical
- Solved complex case studies on M&A, demergers, and capital and bond markets.
- Help organize Prayas, the department's national-level annual commerce fest.

Cautilya Capitals (Cautilya Traders Academy LLP), Bangalore Mar 2025 – Sep 2025
Equity & Markets Analyst (Intern) | Mentored by Mr. Arun Ayyar (PhD, IIT Madras) and senior IIT Madras faculty
- Assisted the founder in developing an Indian adaptation of Jay Kaeppel's seasonality-based market research; backtested F&O strategies and derived patterns from raw market datasets.
- Led the project Tracking FPI Inflows: scraped and processed FPI data from NSDL and analysed fortnightly trends in foreign portfolio investment.
- Built an interactive dashboard presenting the findings, and a heatmap correlating FPI inflows with crude oil and gold prices to identify potential drivers of investment behaviour.
- Developed internal tools for live research and trading workflows, including an FPI-flow correlation dashboard and a mock trading platform.
- Recognised in the internship certificate for technical and analytical strength, data storytelling and on-time delivery.

RESEARCH

Independent Research Paper Submitted to IIMC-FRC
Marked to Market, Mistaken for Money: Foreign Portfolio Capital, Valuation Illusions and the Rupee–Yuan Rotation on India's Road to 2047
- Showed that the widely reported fortnightly change in FPI assets under custody mostly measures price movements, not capital flows: a median 6.25 times the true flow, with revaluation explaining 85% of its variance.
- Validated a stock–flow correction against NSDL and CDSL depository records across 15 sectors (Jan 2020 – Feb 2025). 86% of the reported fall in FPI allocation to financial stocks (2020–24) was relative price performance, not selling.
- Found that foreign investors buy Indian equities when the rupee strengthens against the yuan and sell when it weakens (t = -4.46), consistent with India–China competition for emerging-market capital.

NATIONAL ACHIEVEMENTS

Viksit: Economicus Case Challenge — Grand Finale, Avenues 2026 (IIT Bombay) 2026
2nd Place. Modelled the FX and jobs impact of AI on India's IT/BPO sector and proposed a pay-per-placement reskilling compact (the SHIFT Compact).

The Capital Verdict — Finals, IIT Bombay x QuantInsti (Avenues 2026) 2026
3rd Place. Presented the finals solo against teams from IITs and IIMs, in my first quantitative finance competition. Built and stress-tested a trend-managed European equity strategy (1,471 logged tests, locked out-of-sample run); cut worst drawdown to -32% vs -51% for the equal-weight benchmark.

Organon, IIM Rohtak — 'Call for Articles' Competition 2026
1st Place. Recognised for contribution to ANALYTICA, Organon's monthly magazine.

Market Verdict — National Finance Case Competition & Debate 2026
2nd Place. Ranked 1st in Round 1 (1,000+ competitors) ahead of IIM and IIT teams; cleared pitch-deck and live cross-examination rounds.

Shri Ram Policynomics, SRCC — Delta, The Policy Conclave 2026
1st Runner-Up. Held in collaboration with Mochatrade.

Mochaverse (VENIX), IIM Bangalore 2026
Top 7. Cleared a national quantitative screening (3,000+ participants); shortlisted to pitch a turnaround strategy to Mochatrade's founders.

SBI National Financial Literacy Quiz
3rd Place.

National Case Competitions — IIMs, IITs and other leading institutes
Finalist in 9+ events.

REGIONAL ACHIEVEMENTS

- First position at 15+ business and finance fests across institutes in Bangalore.
- Participant and winner in regional quizzes on finance and investment.

PROJECTS

- Seasonal Trading Signal Research — backtested seasonality-based signals across multiple instruments.
- Interactive FPI Correlation Dashboard — Python dashboard visualizing FPI flow-to-index correlation, with an FPI versus crude oil and gold heatmap.
- Mock Stock Trading Platform — simulated environment for pre-live strategy testing.
- Alpha-Beta PDF Utility App — full-featured PDF utility app deployed for college-wide use.

LEADERSHIP & EVENT MANAGEMENT

Christ Junior College, Bangalore — B.Summit v11 2024 – 2025
Student Coordinator
- Addressed a gathering of 450 students on the day of the fest.
- Brought in sponsorship worth INR 4 lakh in cash and kind.
- Led an organizing team of 25, coordinating logistics and execution for the college's annual business fest.

Christ Junior College, Bangalore — Colossus 2024 – 2025
Event Head, Finance & Investment Banking
- Led the Finance & Investment Banking vertical for the college's annual commerce fest.

Mysore, Under-16 State-Level 2023 – 2024
Cricket
- Represented Mysore at state-level tournaments; consistent district-level performer and team leader.
